NON-VERBAL COMMUNICATION AND ITS TYPES

- NON-VERBAL COMMUNICATION REFERS TO ALL COMMUNICATION THAT OCCURS WITHOUT THE USE OF WORDS, SPOKEN OR WRITTEN.
- NON-VERBAL CUES, HOWEVER, SPEAK LOUDER THAN WORDS, AS EVEN THOUGH SPEECH CAN BE MADE UP, BODILY EXPRESSIONS CAN RARELY BE MASKED WELL ENOUGH TO HIDE ONE'S TRUE FEELINGS AND EMOTIONS.
- IT IS DIFFICULT TO ANALYZE THEM ACCURATELY. THIS IS BECAUSE THE INTERPRETATION OF NON-VERBAL CUES IS A VERY SUBJECTIVE CONCEPT, VARYING BASED ON PEOPLE'S VARIED BACKGROUNDS.

TYPES OF NON VERBAL COMMUNICATION

1) KINESICS

2) PROXEMICS

3) CHRONEMICS

4) PARALINGUISTICS

KINESICS

- PERSONAL APPEARANCE
- POSTURE
- GESTURE
- FACIAL EXPRESSION
- EYE CONTACT

- KINESICS IS THE STUDY OF THE BODY'S PHYSICAL MOVEMENTS. IT IS THE WAY THE BODY COMMUNICATES WITHOUT WORDS, I.E., THROUGH THE VARIOUS MOVEMENTS OF ITS PARTS.
- IT IS ESTIMATED THAT THE VERBAL COMPONENT OF ORAL COMMUNICATION CARRIES LESS THAN 35 PER CENT OF THE SOCIAL MEANING OF THE SITUATION, WHILE MORE THAN 65 PER CENT IS ATTRIBUTED TO BODY LANGUAGE.
- FOR EXAMPLE, SUPPOSE YOU ARE CONGRATULATING TWO OF YOUR FRIENDS ON THEIR SUCCESSFUL INTERVIEWS. IF YOU EXTEND YOUR HAND TO THEM WITH A BIG SMILE ON YOUR FACE ALONG WITH THE UTTERANCE, 'CONGRATS', YOUR APPRECIATION HAS MORE IMPACT ON THEM THAN THE WORD IN ISOLATION. YOUR SMILE AND THE HANDSHAKE ARE KINESICS.

PERSONAL APPEARANCE

- PEOPLE FORM INITIAL OPINIONS BASED ON VISUAL CUES BEFORE HEARING SPOKEN WORDS.
- APPEARANCE, INCLUDING CLOTHING, HAIR, AND ACCESSORIES, CONTRIBUTES TO OVERALL IMPRESSION.
- CLOTHING CHOICES REFLECT PERSONALITY, ATTITUDE, AND CONFIDENCE.
- THE IMPACT OF APPEARANCE ON AUDIENCE PERCEPTION INFLUENCES AUDIENCE ATTITUDE TOWARDS THE SPEAKER, EITHER POSITIVE OR NEGATIVE.
- A WELL-GROOMED AND APPROPRIATELY DRESSED SPEAKER IS MORE LIKELY TO BE PERCEIVED AS CREDIBLE AND CONFIDENT.

POSTURE

- **Posture** Refers to the way we hold ourselves when standing, sitting, or walking.

- **Posture and Situational Changes:**
- **Nervousness:** May lead to pacing, shoulder bobbing, fidgeting, jingling coins, constant movement, or staying still.
- **Familiar Situations:** Posture is often spontaneous and natural, especially with friends.
- **Unfamiliar Situations:** We become more conscious of our posture.
- **Examples of Posture in Specific Situations:**
- **Oral Presentations:**
    - Stiff postures, like standing akimbo (hands on hips, elbows out), can signal defiance or aggression.
    - A more relaxed posture, with hands at one's sides, is preferable.
- **Positive Posture Characteristics:**
- Standing, sitting, or walking in a relaxed way encourages questions and discussion.
- Being comfortably upright, facing the audience squarely, and evenly distributing weight communicates professionalism, confidence, attention to detail, and organization.

Slumped

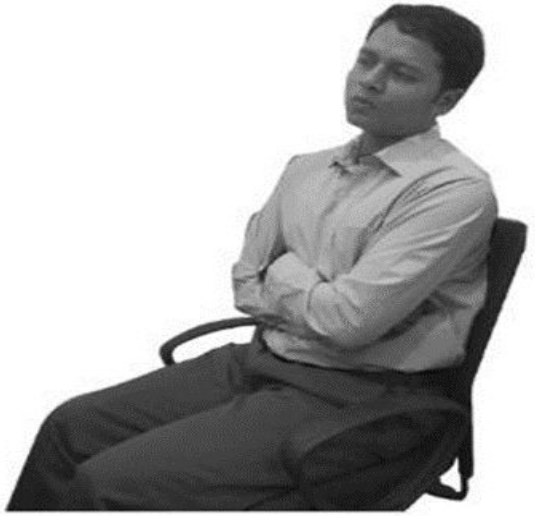

Erect

Lean forward

Lean backward

Crossed arms

Uncrossed arms

- SLUMPED POSTURE—LOW SPIRITS
- ERECT POSTURE—HIGH SPIRITS, ENERGY, AND CONFIDENCE
- LEAN FORWARD—OPEN, HONEST, AND INTERESTED
- LEAN BACKWARD—DEFENSIVE OR DISINTERESTED
- CROSSED ARMS—DEFENSIVE AND NOT READY TO LISTEN
- UNCROSSED ARMS—WILLINGNESS TO LISTEN

GESTURE

- GESTURES ARE HAND, HEAD, AND FACIAL MOVEMENTS THAT COMPLEMENT SPOKEN WORDS.
- EFFECTIVE GESTURES REINFORCE AND CLARIFY MESSAGES.
- INAPPROPRIATE GESTURES CAN DISTRACT OR NEGATIVELY IMPACT COMMUNICATION.
- GESTURE MEANINGS VARY ACROSS CULTURES AND INDIVIDUALS.
- NATURAL AND SPONTANEOUS GESTURES ARE PREFERABLE TO REPETITIVE OR DISTRACTING ONES.

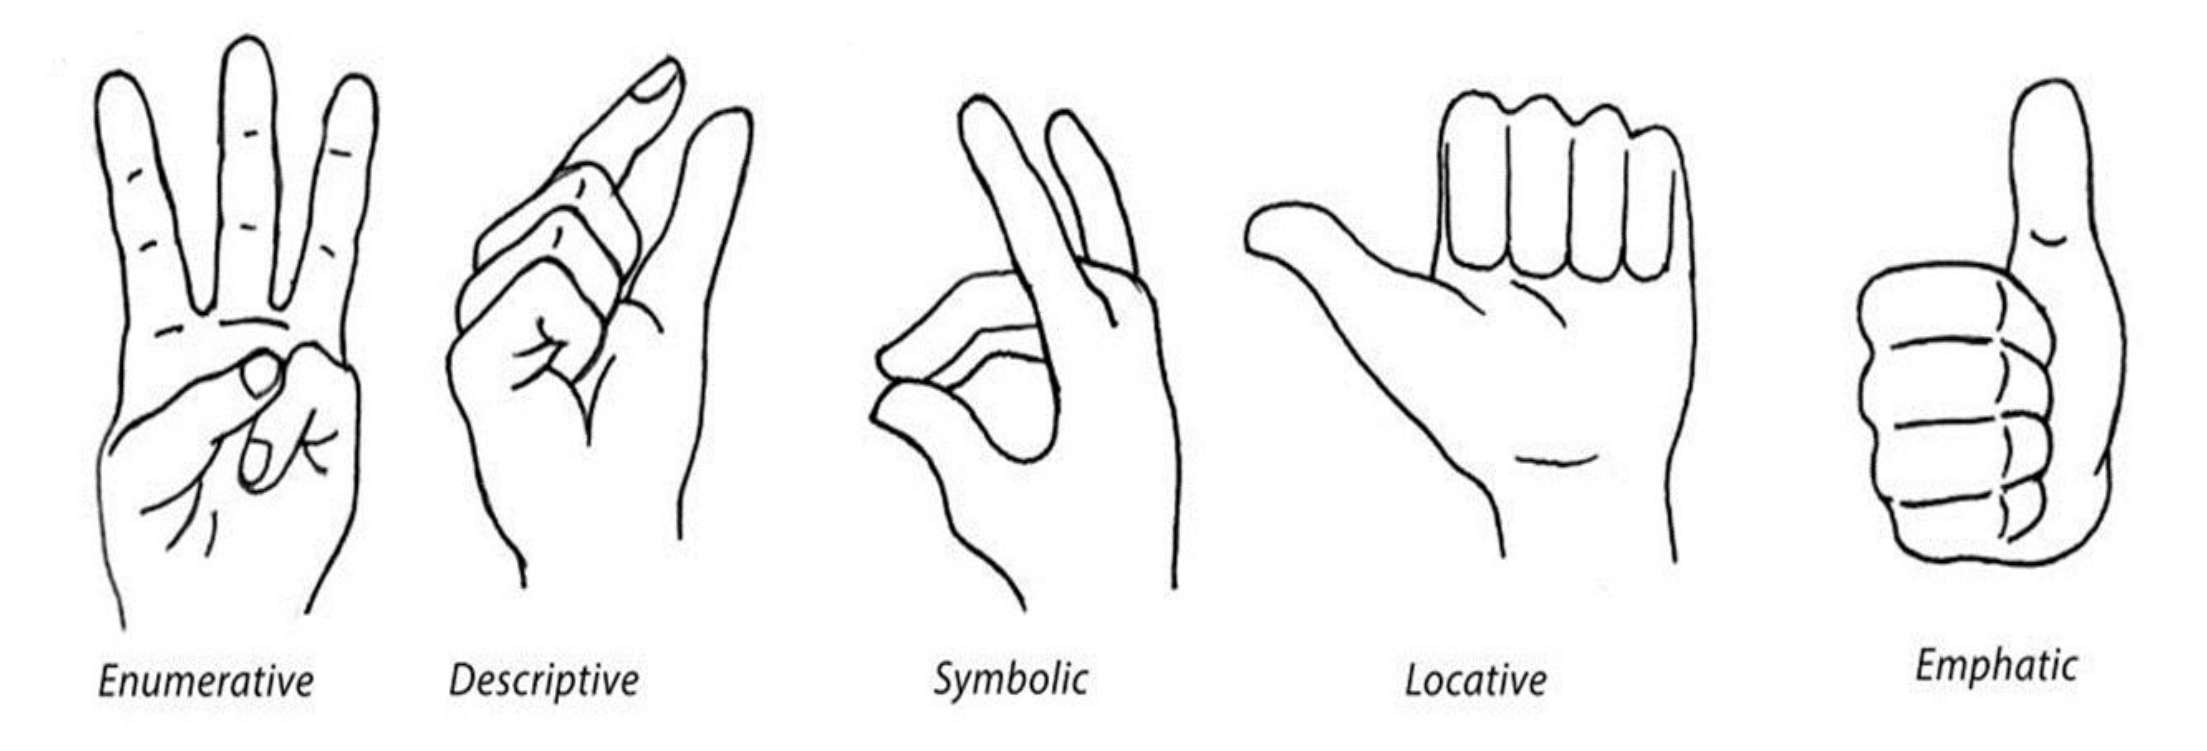

Enumerative- numbers

Descriptive—size of the objects

Symbolic—abstract concepts

Locative—location of an object

Emphatic—emphasis

FACIAL EXPRESSION

- THE FACE IS THE PRIMARY TOOL FOR EXPRESSING EMOTIONS NON-VERBALLY.
- FACIAL EXPRESSIONS CAN REINFORCE, CONTRADICT, OR REPLACE VERBAL MESSAGES.
- SUBTLE NUANCES AND COMBINATIONS OF EXPRESSIONS CAN CONVEY COMPLEX EMOTIONS.
- PEOPLE OFTEN MASK TRUE FEELINGS WITH SOCIALLY ACCEPTABLE EXPRESSIONS.
- THE SIX BASIC FACIAL EXPRESSIONS ARE HAPPINESS, SURPRISE, DISGUST, FEAR, ANGER, AND SADNESS.

EYE CONTACT

- EYES ARE CRUCIAL FOR UNDERSTANDING A SPEAKER'S SINCERITY, INTELLIGENCE, AND EMOTIONS.
- EYE CONTACT BUILDS RAPPORT AND DEMONSTRATES ENGAGEMENT.
- PROLONGED EYE CONTACT (3-5 SECONDS) CONVEYS SINCERITY AND ATTENTION.
- EYELIDS AND EYEBROWS ENHANCE NON-VERBAL COMMUNICATION.
- MAINTAINING EYE CONTACT IN PROFESSIONAL SETTINGS BUILDS TRUST AND CONFIDENCE.
- DIRECT EYE CONTACT SIGNALS HONESTY AND OPENNESS.

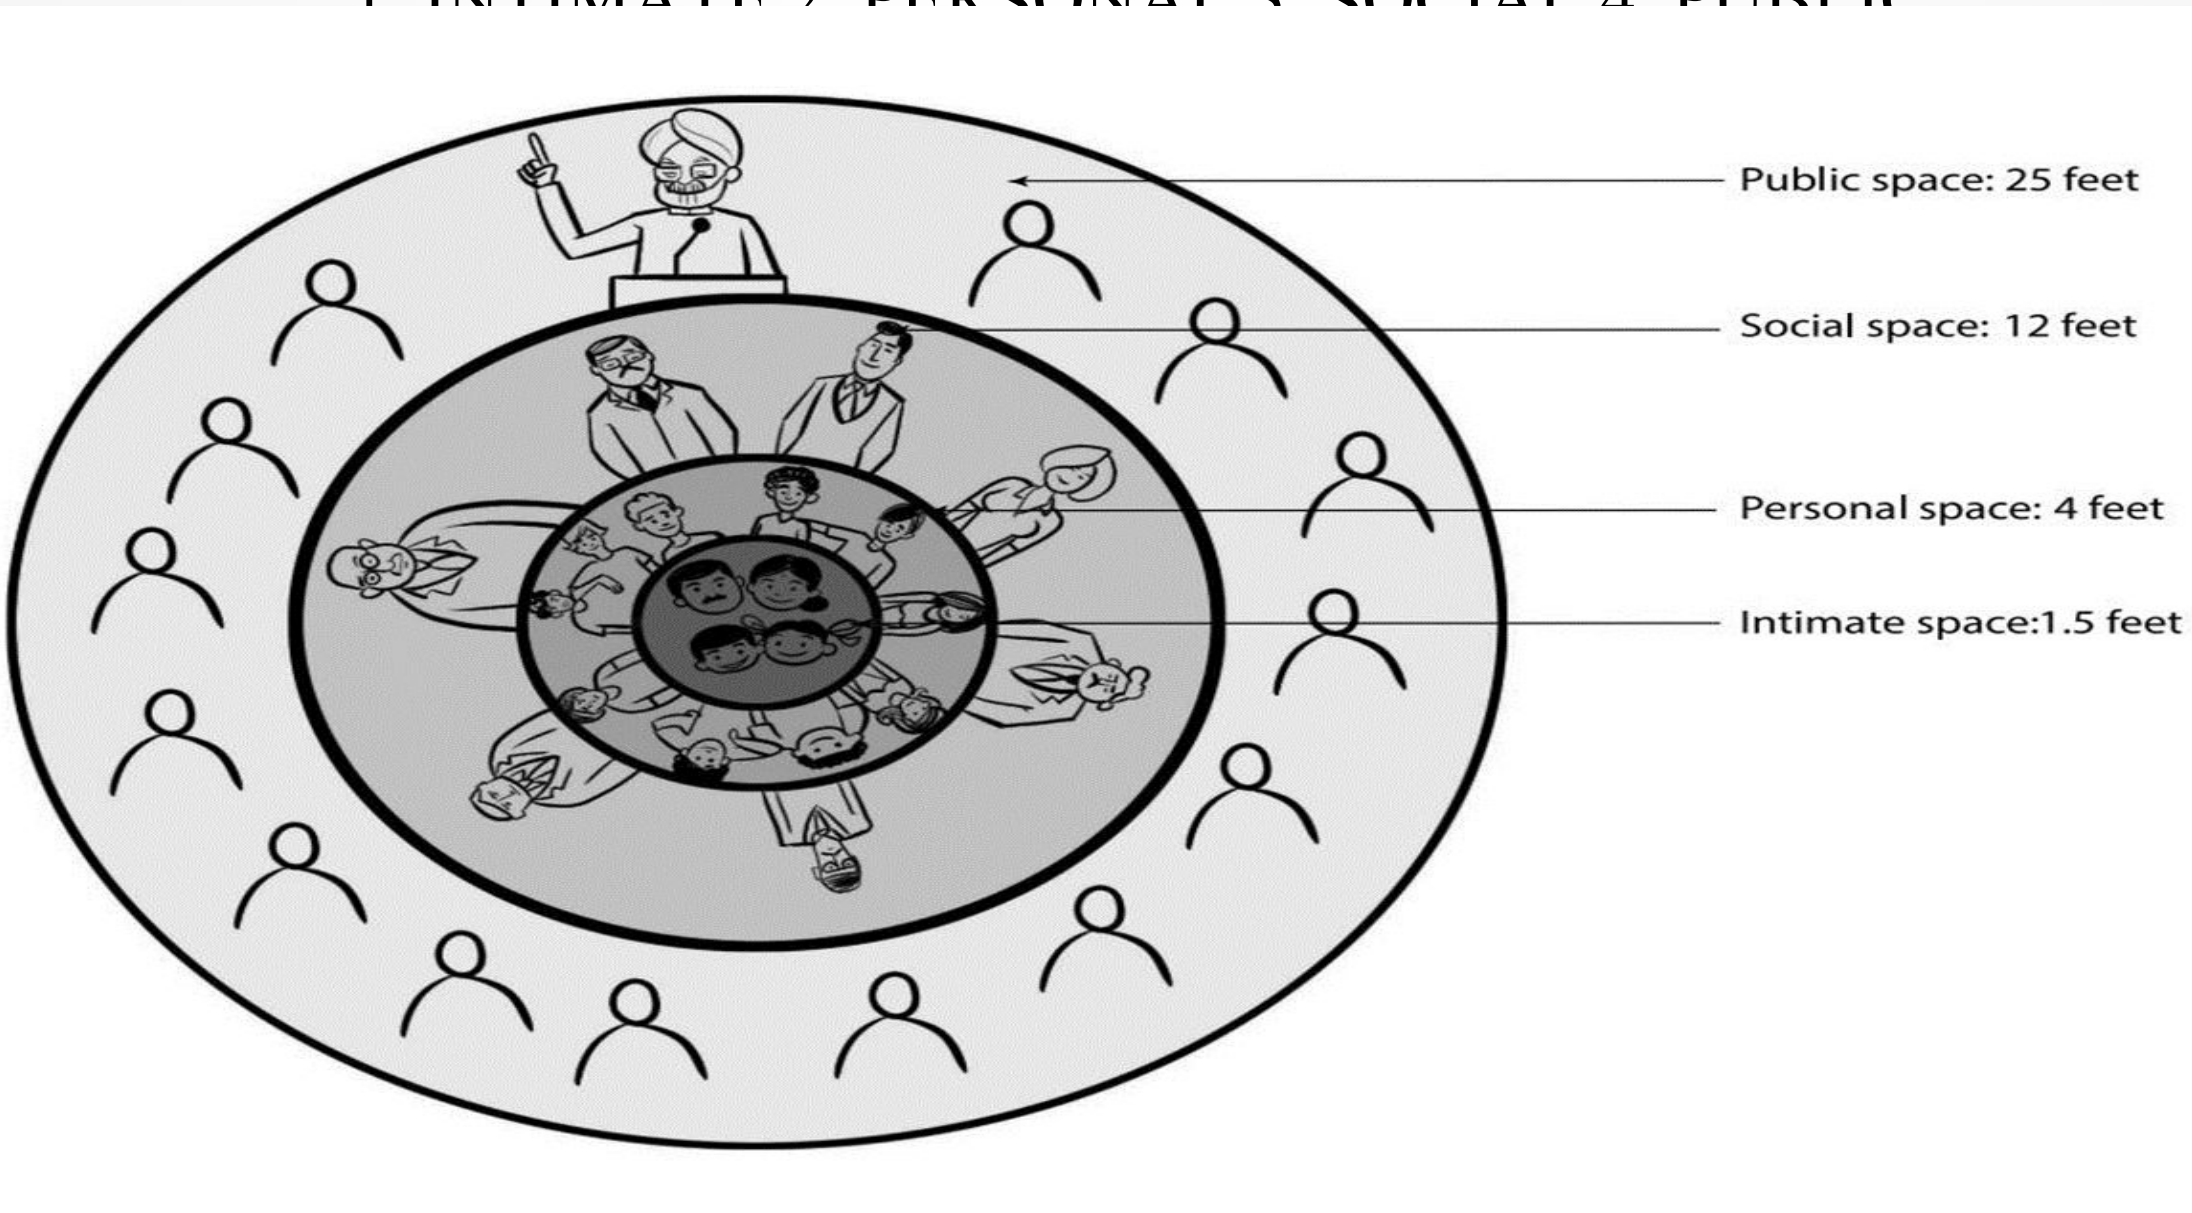

- Cultural differences exist in eye contact norms.
- ARABS, LATIN AMERICANS, AND SOUTH EUROPEANS LOOK DIRECTLY INTO THE EYES.
- ASIANS AND AFRICANS MAINTAIN FAR LESS EYE CONTACT

PROXEMICS

- PROXEMICS STUDIES HOW PEOPLE USE SPACE IN INTERPERSONAL INTERACTIONS.
- SPATIAL BEHAVIOR REFLECTS SOCIAL NORMS, POWER DYNAMICS, AND CULTURAL DIFFERENCES.
- PHYSICAL SPACE CAN SIGNAL STATUS AND AUTHORITY (E.G., LARGER OFFICES FOR HIGHER-UPS).
- DELIBERATE USE OF SPACE CAN CONVEY CONTROL AND AUTHORITY.
- CULTURAL VARIATIONS EXIST IN PREFERRED INTERPERSONAL DISTANCE.
- AMERICANS TEND TO MAINTAIN MORE DISTANCE THAN PEOPLE FROM SOME OTHER CULTURES.
- INDIANS ADJUST DISTANCE BASED ON RELATIONSHIPS AND SOCIAL HIERARCHIES.

EDWARD T. HALL (1966) DIVIDES SPACE INTO FOUR DISTINCT ZONES

1. INTIMATE 2. PERSONAL 3. SOCIAL 4. PUBLIC

- INTIMATE- MEMBERS OF THE FAMILY, LOVERS, SPOUSES, RELATIVES, AND PARENTS FALL UNDER THIS ZONE. THE BEST RELATIONSHIP THAT DESCRIBES IT IS THE MOTHER–CHILD RELATIONSHIP. A HANDSHAKE, A PAT ON THE BACK, OR A HUG, ALL COME INTO THIS ZONE.
- PERSONAL -CLOSE FRIENDS, COLLEAGUES, PEERS, ETC. FALL IN THIS ZONE. IT PERMITS SPONTANEOUS AND UNPLANNED COMMUNICATION. SITTING OR STANDING SO CLOSE BRINGS ONE CLOSER TO THE LISTENER AND GIVES THE IMPRESSION OF FRIENDLINESS AND WARMTH.
- SOCIAL- IN THIS ZONE, RELATIONSHIPS ARE MORE FORMAL AND OFFICIAL. PEOPLE ARE MORE CAUTIOUS IN THEIR MOVEMENTS. THESE SITUATIONS INVOLVE LESS EMOTION AND MORE PLANNING.
- PUBLIC- EVENTS THAT TAKE PLACE IN THIS ZONE ARE FORMAL. HERE THE SPEAKER HAS TO RAISE HIS/HER VOICE TO COMMUNICATE TO OTHERS OR USE A MICROPHONE. PUBLIC FIGURES LIKE THE PRIME MINISTER OF A COUNTRY, FOR EXAMPLE, HAVE TO MAINTAIN THIS DISTANCE FOR SECURITY REASONS

CHRONEMICS

- CHRONEMICS IS THE STUDY OF HOW TIME IS USED IN COMMUNICATION.
- EFFECTIVE TIME MANAGEMENT IS CRUCIAL FOR PROFESSIONAL SUCCESS.
- PUNCTUALITY COMMUNICATES PROFESSIONALISM AND RESPECT FOR OTHERS.
- CULTURAL DIFFERENCES IN TIME PERCEPTION SIGNIFICANTLY IMPACT INTERACTIONS.
- IN LATIN COUNTRIES, MEETINGS USUALLY BEGIN WELL AFTER THEIR APPOINTED TIME. EVERYONE KNOWS THIS. IT IS CUSTOMARY, AND NO ONE IS OFFENDED BY THE DELAY.
- IN SCANDINAVIA OR GERMANY, ON THE OTHER HAND, STRICT PUNCTUALITY IS THE RULE, AND TARDINESS IS FROWNED UPON.
- IN INDIA, TIME LANGUAGE VARIES ACCORDING TO THE OCCASION. PUNCTUALITY IS EXPECTED FOR A PROFESSIONAL MEETING, BUT IT IS NOT INSISTED UPON FOR A PARTY. PEOPLE IN INDIA ARE GENERALLY LIBERAL WITH TIME.

PARALINGUISTICS

Paralinguistics refers to spoken communication through changes in the rate of speech, accent, volume, voice modulation, pitch, and fluency.

For example, a simple sentence like “Come here!” can be said authoritatively or endearingly, depending on the tone of voice of the sender
